DEPARTURES.

Steamer Illinois, Columbus.
Jas. Fisk, Jr., Paducah.
Arkansas Belle, Evansville.
Quickstep, Evansville.
City of Chester, St. Louis.
Absecon, St. Louis.
Pauline Carroll, St. Louis.
Samson No. 2, Louisville.
Potomac, New Orleans.
Eagle, Louisville.
Joe Gilmore, Louisville.
J. S. McDonald, Louisville.

Steamer A Baker is also advertised for the occasion.

The new steamer Emma Elliot was to have been launched yesterday at Louisville.

The Potomac remained until a late hour yesterday and added about 60 tons for various points south.

The Illinois for Columbus and Idlewild for Evansville are the regular packets to leave promptly at 5 p.m.

Business is reported active in St. Louis and all boats out seem to corroborate the statement.

The Potomac added here 83 bbls. whisky, 20 bbls. meal, 50 sks. bran, 57 coops poultry and a large lot of hogs for New Orleans, etc.

The Jim Fisk came in late yesterday evening having been delayed by business. She brought 51 hds tobacco for the South and 16 for St. Louis.

The Emma Floyd is aground on Harpeth Shoals in the Cumberland river, and the Burkville has been sent from Nashville to relieve her.

The City of Cairo, last Friday, received 100 tons of freight for Vicksburg, being 100 less than she expected to receive.

The river has fallen fully 12 inches since last report. A most refreshing rain fell yesterday afternoon which cooled the atmosphere very much, and was very acceptable.

The Kellogg and barges, James Howard for New Orleans, Colorado for Vicksburg, Emperor for Cincinnati, Columbia, for Fort Smith, R. J. Lockwood or Shreveport are due to-day.

The hat which we spoke of as being worn by Mr. Marion Wright with clerical grace, is a present from Mr. Jack Winston, and not the Head Centre of the Tennessee river picnic, as some one made us say yesterday.

The T. F. Eckert, roomy and admirably arranged for excursion purposes, advertises to make two trips to Mound City on decoration day, leaving Cairo at 11 A. M., and charging fifty cents for the round trip.

An engineer named Eustis is about to examine and report upon the practicability of crossing the Mississippi River at Natchez by a bridge and a steam ferry of sufficient capacity to transfer loaded cars without breaking bulk.

The decline still continues in all the water courses except those in the far West, which are rising slowly. There are feet four inches in the channel at Pittsburgh; 24 in the chute at Louisville, and feet 9 inches on Harpeth shoals in the lumberland.

The Quickstep brought 115 bbls. for Chas. Galigher, and a lot of furniture for B. S. Harrel, and the following for refreshments: 35 bbls whisky, 100 hds tobacco for St. Louis, and 10 bbls. our, 150 do. whisky, and a lot of sundries, odds and ends, etc.

MEDICAL.

HOOFLAND'S

GERMAN BITTERS

BOTTLED GERMAN TONIC

12 OZ. BOTTLED PODOPHYLLUM PHT.

Hoofland's Greek Oil

Hoofland's German Bitters.

A Bitters Without Alcohol or Spirits of any kind
is different from others. It is composed of the principles or vital principle of Roots, Herbs and Bark, (or as medical term, extract,) the worthless and inert portions of the ingredients not being used. Therefore, in one bottle of this Bitters there is contained as much medicinal virtue as will be found in several gallons of ordinary liquors.

The Roots, etc., used in this Bitters are grown in Germany, the best principles extracted in that country by a scientific Chemist, and forwarded to the manufacturer in this country, where they are compound and bottled.

Comparing to a scientific Chemist, the Bitters is free from the objections urged against all others; the desire for stimulants can be induced from their use, can make no drunks, and cannot, under circumstance, have any but a beneficial effect.

Hoofland's German Tonic.

Was compounded for those not inclined to take Bitters, and intended for use in cases when some alcohol stimulant is required in connection with the tonic properties of the Bitters. Each bottle of the Tonic contains one bottle of the Bitters, combined with pure Sarsaparilla Root, and flavored in such a manner that the extreme bitterness of the Bitters is overcome, forming a preparation highly agreeable and pleasant to the palate, and containing the medicinal virtue of the Bitters. The price of the Tonic is \$1.50 per bottle, which many persons think too high. They must take into consideration that the stimulant used is guaranteed to be of a pure quality.

A poor article may be furnished at a cheaper price, but it is better to pay a little more and have a good article.

Each bottle of the Tonic contains one bottle of the Bitters, and will attend all funerals.
